Summary

As an Analyst, I gained hands-on experience in software development by working on real-world projects using Java and Spring Boot. I was involved in implementing features, fixing issues, and contributing to the overall development process.

Areas of expertise

• Java
• Spring Boot
• HTML,CSS,JavaScript,Bootstrap

Industries

• Web Developement
• Database Management Systems

Work experience

Cognizant
Mar -Jun 2025

GenC-Intern
During my **internship** at Cognizant Technology Solutions, as part of the **Application Development and Management (ADM) team**, I gained hands-on experience developing and maintaining enterprise-level applications using **Java and Spring Boot**.

Education

K.Ramakrishnan College of Technology, India
2021 - 2025
• B.E-ECE   8.4 CGPA

Raj Vidyalaya Matriculation school, India
2019 - 2021
• HSC   86.52 Percentage

Language

English

Tamil

Skills

Java   ●●●●○

Spring Boot   ●●●○○

HTML CSS JS   ●●●●○

SQL   ●●●○○

Project Experience

Library Management System

Developed a full-stack **Library Management System**, utilizing **Spring Boot** (Java) for robust API design and MySQL for secure data storage (books, members, loans). Created a responsive user interface with **HTML, CSS, Bootstrap, and jQuery**, enabling efficient management of library operations and user access. Applied MVC architecture and RESTful services to build a scalable and functional application, demonstrating strong proficiency in enterprise development.
